

“Workplace Wellness Programs Deliver Up To **600% Return** on Investment”

Dear Rolled Metal Products,

During these challenging times, organizations need to work harder to recruit, engage and retain quality employees while increasing productivity. Years of studies have shown that one of the best things you can do for your employees and your company's bottom line is investing in an onsite wellness program. A study published in the Harvard Business Review found that a company wellness program provided a 6 to 1 return on investment — directly reducing health care expenditures and increasing productivity by reducing presenteeism.

“Presenteeism refers to the loss of productivity that occurs when employees are not fully functioning in the workplace because of an illness, injury or other unmanaged, chronic condition.” —Investopedia.com

Employees are now more conscious about their well-being. A company wellness plan offers a competitive advantage when attracting, engaging, and retaining the best talent. A company wellness program can also help reduce health insurance premium hikes, reduce absenteeism, and increase productivity.

Company Chiropractor is a unique Corporate Wellness Program. Unlike, and better than, traditional chiropractic care, there are no co-pays nor complex insurance plans. Instead of simply providing information about wellness, this Program delivers direct and proactive, primary healthcare on a weekly basis. And along with onsite care, members of Company Chiropractor can also visit our convenient location in Mount Juliet, TN, located just 1 minute from I-40 & Golden Bear Gateway.

The focus of Company Chiropractor is to keep your team members healthy and happy with regular, preventative and highly effective management care. We take care of problems before they become acute and disrupt the lifestyle(s) and productivity of your team.

“The costs of presenteeism have been estimated to be larger in real terms as employees suffering from longer-term conditions see persistent drops in productivity.” —Investopedia.com

Employers benefit from working with Company Chiropractor as their wellness program partner because we increase the **morale**, happiness and well-being of their employees. Happy and healthy employees use fewer traditional healthcare services and miss less work.

I've been a chiropractor for more than 30 years. I founded the Company Chiropractor Wellness Program because I wanted to help clients get healthy and **stay** healthy. Our membership-based program frees us from having to deal with costly, restrictive, and ultimately ineffective insurance companies, and allows us to focus solely on the success of our clients.

I know that Company Chiropractor's Corporate Wellness Program would be an excellent benefit for your entire team – while concurrently and substantially improving your Company's bottom line. To learn more, you can visit our website at CompanyChiropractor.com. I'll be reaching out in the next few days to answer any questions, or feel free to call me directly at **615-200-0094**. I appreciate your time and look forward to speaking with you.

Sincerely,

Dr. Andy Goesel
